

# HUGHES JUNIPER

*Juniperus horizontalis* 'Hughes'

**Height:** 12-18"      **Spread:** 6-8'

**Location:** Zone 3, full sun

**Shape:** Widely spreading

**Foliage:** Silvery blue

**Notes:** Graceful branches are beautiful cascading over rocks or walls; a perfect accent or ground cover as well. Retains its showy, glowing silver-blue foliage coloring through winter.

# ICEE BLUE JUNIPER (on standard)

*Juniperus horizontalis* 'Icee Blue'

**Height:** 4-6"      **Spread:** 6-8'

**Location:** Zone 3, full sun

**Shape:** Full, dense crown, grafted on standard

**Foliage:** Silvery blue

**Notes:** A new introduction that exhibits the best silver blue winter color of the ground cover junipers! Maintains a full, dense crown of foliage creating a solid cover in a short time.
