

PRINCE OF WALES JUNIPER

Juniperus horizontalis 'Prince of Wales'

Height: 6" **Spread:** 4-6'

Location: Zone 3, full sun

Shape: Dense, low spreading

Foliage: Green, light purple in winter

Notes: Popular evergreen ground cover, prized for its beautiful plum colored winter foliage. Perfect for rock gardens, bank cover, or large mass plantings. Very hardy.

SAVIN JUNIPER

Juniperus sabina

Height: 2-3' **Spread:** 3-5'

Location: Zone 3, full sun

Shape: Upright, compact

Foliage: Blue-green

Notes: Upright, semi vase-shaped form with dark green foliage. Compact growth makes this an excellent choice for the foundation planting. Adapts easily to most sites.
