

BLUE SHAG PINE

Pinus strobus 'Blue Shag'

Height: 4-6' **Spread:** 5-7'

Location: Zone 3, sun to light shade

Shape: Compact globe

Foliage: Soft, blue-green needles

Notes: Fast becoming a popular selection of the dwarf eastern white pine. This Waxman introduction is an outstanding, compact, reliably rounded form. Excellent for a variety of landscape uses.

FRENCH BLUE HINDU PAN PINE

Pinus sylvestris 'French Blue'

Height: 40' **Spread:** 20'

Location: Zone 3, full sun

Shape: Uniform, compact, pruned into Hindu Pan topiary

Foliage: Bright blue, twisted needles

Notes: Scotch pine variety that is trained and pruned into the Hindu Pan form. Foliage is brighter blue than other forms, the coloring is retained through the winter. Growth habit is more uniform and compact. A lovely accent.
