

TANNENBAUM PINE

Pinus mugo 'Tannenbaum'

Height: 10-12' **Spread:** 4-6'

Location: Zone 2, full sun

Shape: Compact, pyramidal

Foliage: Green, good winter color

Notes: 'Tannenbaum' is an attractive small plant that steadily grows about 8 inches to 10 inches annually and maintains its lower branches - unlike many other pine species. Cone-shaped in youth, the tree becomes more pyramidal with age.
