

HELMOND PILLAR BARBERRY

Berberis thunbergii 'Helmond Pillar'

Height: 4-5' **Spread:** 1-2'

Location: Zone 4, sun, well-drained soil

Shape: Columnar

Foliage: Reddish purple

Notes: Outstanding living column with vivid purple foliage is a designer's dream. This barberry offers three seasons of interest with yellow spring flowers, red fruits and intense fall color. Adds instant drama as a focal point or repetitive structural element in beds and borders.

KOBOLD BARBERRY

Berberis thunbergii 'Kobold'

Height: 2' **Spread:** 2'

Location: Zone 4, sun to part shade

Shape: Mounded, compact

Foliage: Dark green, gold to red in fall

Notes: Lustrous dark green foliage on an extra-dwarf rounded shrub. Very durable and versatile, especially well suited to low borders and massed plantings.
