

# SHERRY SUE CLETHRA

*Clethra alnifolia* 'Sherry Sue'

**Height:** 3-5'      **Spread:** 3-5'

**Location:** Zone 4, sun to part shade, tolerates wet sites.

**Shape:** Rounded

**Foliage:** Dark green, yellow in fall

**Notes:** A new Summersweet variety with cherry red stems. Even the normally white flowers have some pink pigment. Delightfully fragrant flowers and rich golden brown foliage persists thru fall.
