

LIMELIGHT HYDRANGEA

Hydrangea paniculata 'Zwijnenburg'

Height: 6-8' **Spread:** 6-8'

Location: Zone 4, sun to part shade

Shape: Open, upright, rounded

Foliage: Green

Notes: Beautiful lime green, fragrant, flowers add a much needed brightness to the late summer landscape. In autumn the blooms display shades of pink, burgundy and green. Flowers on new wood so it can be pruned in winter or early spring.

LITTLE LAMB HYDRANGEA

Hydrangea paniculata 'Little Lamb'

Height: 6-8' **Spread:** 6-8'

Location: Zone 4, sun to part shade

Shape: Open, upright, rounded

Foliage: Green

Notes: 'Little Lamb' differs from other paniculata hydrangeas because of its more compact form and the tiny, delicate nature of the blooms. The minute florets are tightly packed into small but full panicles. May be pruned in winter or early spring as it flowers on new wood.
