

ROYAL PURPLE SMOKEBUSH

Cotinus coggygia 'Royal Purple'

Height: 8-10' **Spread:** 8-10'

Location: Zone 5, sun, drought tolerant, some winter dieback

Shape: Upright, spreading

Foliage: Velvety maroon-purple, dark purple in fall

Notes: Panicles of beige flowers in mid-summer. May experience winter injury, but recovers quickly to make a fine plant each year. Xeriscape plant.

YOUNG LADY SMOKEBUSH

Cotinus coggygia 'Young Lady'

Height: 8-10' **Spread:** 6-8'

Location: Zone 5, sun, drought tolerant

Shape: Upright, spreading

Foliage: Lemon green, turning orange in fall

Notes: Young Lady has exceptional blooming qualities. Even as a one gallon, every terminal results in a bloom from June to August. The bloom is replaced by an excellent orange-red fall color.
