

RENAISSANCE REFLECTION BIRCH

Betula papyrifera 'renci'

Height: 60' **Spread:** 25'

Location: Zone 3, sun to part shade, heat tolerant, prefers moist sites.

Shape: Pyramidal

Foliage: Green, yellow in fall

Notes: This paper white birch has a rapid growth rate of 3-5 ft. per year with a slender pyramidal shape, white bark and yellow fall color. Renaissance Reflection has superior bronze birch borer resistance. This birch should prove itself to be excellent when grown in a clump or as a specimen. Foliage is dark green changing to yellow in the fall.
