

TOBA HAWTHORN

Crataegus x mordenensis

Height: 12-15' **Spread:** 15-20'

Location: Zone 3, sun, wet to dry sites.

Shape: Upright, rounded crown, twisted trunk.

Foliage: Glossy green

Notes: A shrubby, low branched, round topped tree with double white fragrant flowers, bright red fruit, and rich, lustrous gold-green bark. It prefers moist, fertile soil but does well in a variety of conditions.
