

BURGUNDY BELLE MAPLE

Acer rubrum 'Magnificent Magenta'

Height: 45' **Spread:** 45'

Location: Zone 4, sun, drought tolerant

Shape: Upright, dense, oval crown.

Foliage: Rich green, brilliant red to burgundy in fall.

Notes: Very easy to grow, adapts to most conditions. The thick leaves make this Red Maple a great choice for harsher climates. Mature tree develops into a compact, oval-rounded crown, extremely uniform in outline. Summer foliage is medium to dark green with a very brilliant orange red turning to burgundy in mid to late October.
